DRAWBACKS.

Section two of the Tariff Law Amendment Law, 1923, Law 23 of 1923 (which substitutes a new section for section sixteen of the Principal Law) is hereby repealed and the following section is substituted for section sixteen of the Principal Law:—

- "16. If any goods, wares and merchandise upon which any duty shall have been paid under this Law, are duly exported within two years of their first importation there shall be a drawback in respect of such goods of an amount equal to the preferential duty mentioned in the column headed 'Preferential Tariff' of the first Schedule to this Law: provided that where any duty has been paid on goods exported as ships' stores or on any of the articles enumerated in the Fourth Schedule to this Law there shall be a drawback equal to the amount of duty paid if the article is exported within two years of its importation; provided further that such goods are exported in the original, whole and unbroken packages in which the same were imported, and that no drawback of duty shall be allowed unless the amount of drawback on any one transaction is not less than four shillings."
3. Goods, wares and merchandise upon which any duty under Law 2 of 1922 shall have been paid, on its being proved to the satisfaction of the proper Officer of Customs that a mistake has been made and that such goods are not the goods ordered by the Importer and that such goods have been returned to the Exporter, if duly exported within three months of their first importation, shall receive a drawback of the full duties paid on importation.
17. The duty paid on provisions and stores supplied by local merchants or contractors to His Majesty's Navy or Military Authorities in this Island for the use of His Majesty's Navy or Army, or to Naval Officers, or Naval Messes or to other branches of the Public Service and to Public Institutions, shall be refunded under such conditions and regulations as may from time to time be prescribed by the Governor in Privy Council.
- Provided that such drawback or refund shall be limited to such articles as would have been entitled to be admitted free of duty, had they been in the first instance consigned to the purchaser.
18. There shall be paid a drawback equal to the duty paid on their importation on shipbuilding materials, or accessories of any kind for shipbuilding which shall have been imported into this Island and used in the construction or repairs of foreign-going vessels of any kind, on presentation to the Chief Officer of Customs at the port of importation of a certificate to the effect that such materials and accessories have been used as aforesaid under the hand of the builder or repairer of such vessel or boat, who used the same together with a declaration from such builder or repairer that he believes such ship-building materials and accessories to have been imported into the Island.
- Paints and oils used in painting any foreign-going ship while temporarily in port shall be included in the term accessory.
19. Drawback of duties shall not be payable on goods which have become unmerchantable subsequent to importation or which have been in actual and bona fide use.
20. Where imported materials on which duty has been paid are used in the manufacture or putting up of articles manufactured or produced in this Island there shall be allowed on the exportation of such articles a drawback equal in amount to the duty paid on such materials so used: Provided, that when the articles exported are made in part from domestic materials, the imported materials or the parts of the articles made from such materials shall so appear in the completed articles, that the quantity or measure thereof may be ascertained.

22. The several drawbacks under this Law shall be subject to the regulations and provisions of the several Acts or Laws for the time being in force with reference to such drawbacks.
23. In construing the language employed in Schedule 2 of this Law to describe articles intended to be free of duty the articles named as free must be considered in their primary character in relation to the use under which exemption is given. When the character of such articles has been added to, modified or changed by embellishment or combination with some other article whose primary character is other than that described against the article on the free list the consideration as to whether the composite article is liable to duty shall be the relative value of the component parts considered under the two schedules of the tariff, viz:—the schedule imposing duty and the schedule granting exemption. If the value of the dutiable portion exceeds the value of the portion coming under a description on the free list then duty shall be charged on the composite article; but if the value of the portion formed by any items appearing on the free list exceeds the value of the portion not exempted then the article considered in its complete character shall be exempt from duty.

2. FORESTRY.

There is no Department of Forestry in Jamaica, in consequence of which information is not available as to the acreage of forest lands. The cutting of timber is done spasmodically here and there, but not as a generally recognized industry, and the possibilities of development are not encouraging in view of the broken nature of the country and the lack of transport facilities.

POSTAL REVENUE.

Letters, Newspapers, Prices Current and Book-packets which are *unpaid* will be liable to a surcharge equal to double the prepaid rate; and if they be insufficiently prepaid, to a surcharge equal to double the deficiency.

Private Post-cards prepaid by means of one penny postage stamps may be sent by the Inland Post on the following conditions:—

They must be of ordinary card-board not thicker than the material used for the Official Inland Post card. The maximum size must correspond as nearly as possible with the size of the Inland Official Card, and the minimum size must not be less than 4 by 2½ inches.

The rules and regulations relating to the Official Inland Post Card, and to the Official Foreign and Private Post Cards, apply equally to Inland Private Post Cards.

A Private Post Card which does not conform to the above conditions will be treated as a letter and charged accordingly.

The Postage on a parcel must be fully prepaid or it cannot be forwarded.

A Book Packet may not exceed 3 pounds in weight; nor 2 feet in length or 1 foot in width or depth except it be intended for transmission by Inland Parcels Post.

A Parcel may not exceed 16 ounces in weight, 2 feet in length nor 1 foot in width or depth, except it be intended for transmission by Inland Parcels Post.

Newspapers, Prices Current, Book-packets and Parcels must be posted without a cover or in a cover open at the ends or sides so as to admit of the contents being easily withdrawn for examination; the mere clipping of the corners or of the sides of an envelope or other cover is insufficient. They must not contain any letter or communication of the nature of a letter, nor anything that may injure the Officers of the Post Office or the contents of the Mail Bags.

If any letter or communication of the nature of a letter to be found in a Newspaper, Prices Current, Book-packet or Parcel it will be withdrawn and surcharged at the *Wholly Unpaid Letter-rate of Postage*. If inseparable the whole Packet will be liable to the Letter-rate of Postage.

The following may, however, be transmitted by Book-post:—

Old Letters, which have apparently passed through the Post before and have served their original purpose.

Copies of Letters which do not bear a present date and which it is manifest are not serving the purpose of *original* letters.

Letters which are intended for publication in a Newspaper or otherwise.

Circulars, *i.e.*, which, according to internal evidence, are being sent in identical terms to several persons and the whole or greater part of which is printed, engraved or lithographed.

Such letters and Circulars must not, however, be closed in any manner and must be so put up as to admit of easy examination of their contents.

Any letter or other Mail Matter may be registered on pre-payment of the Registration Fee and Postage.

Packet containing Money, Jewellery or other Value, *must be registered* and must be prepaid at the *Letter-rate of Postage*.

Any Packet found to *contain Value*, but not registered will be liable to a surcharge equal to double the Registration Fee, *viz.*, fourpence.

N.B.—By Law the Post Office is not liable for the loss of any registered Letter or of its contents; but in order to meet the requirements of the Postal Union Treaty, the Postmaster for Jamaica will be prepared to make good the contents of a REGISTERED LETTER lost while passing through the Post to the extent of two pounds, in certain cases.

PROVIDED—1. That the sender duly observed all the conditions of registration required.

2. That the letter was securely enclosed in a reasonably strong envelope.

3. That application was made to the Postmaster for Jamaica immediately the loss was discovered. (When the complaint is that the contents of a letter have been abstracted the envelope must accompany the application, otherwise the question cannot be entertained.)

4. That the Postmaster for Jamaica (whose decision shall be final) is satisfied that the loss occurred while the letter was in the custody of the Jamaica Post Office and was not caused by any fault on the part of the sender.
